

Rosemary Spearmint Soap

Ingredients

Olive oil melt-and-pour soap base

Silicone mold

15 drops spearmint oil

15 drops rosemary oil

Optional: Dried herbs

INSTRUCTIONS:

Step 1: Cut off the amount of soap base you want to use and place it into a microwave safe bowl.

Step 2: Melt the soap into liquid form in increments of 30 seconds.

Step 3: Add a handful of dried herbs to the soap mold.

Step 4: Add Spearmint and Rosemary essential oils.

Step 5: Mix together and pour into molds.

Step 6: Let it sit for an hour.

Step 7: Remove the soap from the mold.
